

MOVEit® for Government & Public Sector

INDUSTRY SHEET

Government Agencies & Departments Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as:

- Citizens' Tax information
- Electronic Benefits Transfer
- Invoices
- Child care records
- Regulatory reports
- Criminal records
- Application forms e.g. passports

Protect Data Confidentiality and Simplify the Secure Exchange of Data between Government Entities and Partners.

Managed File Transfer is essential to helping government agencies meet the strict requirements of data regulations such as FISMA, GLBA, SOX, HIPAA, and related security policies.

Adequate security for data at rest and in transit helps prevent loss of privacy, avoid data breaches, and improves collaboration through the sharing of data with authorized parties, resulting in better, more efficient operation of public services.

Leads the Industry in Security

- › Strong Encryption of transferred files both at rest and in transit
- › FIPS 140-2 and AES-256 validated cryptography
- › Share confidential files securely knowing who the recipient is and auditing the journey

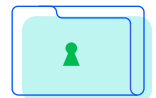

Supports Compliance and Reporting

- › Enables your GDPR readiness
- › Supports government oversight compliance reporting
- › Reduces the effort & time spent preparing for compliance audits

Can be Deployed in High Availability Mode

- › System-wide high availability with Active-Active failover
- › Cloud version guarantees 99.9% uptime
- › Provides business continuity & disaster recovery assurances

The Benefits of MOVEit for Government Departments and Agencies
