Ipswitch® MOVEit®
for Aerospace

The challenge for many aeropsace organizations is to transfer data between several thousand internal and external users in a worldwide network quickly and securely.

MOVEit allows aerospace companies and aerospace component manufacturers & suppliers to exchange information such as design specifications, invoices and inventory reports and transfer very large data files such as videos & images quickly and securely across multiple manufacturing sites. This reduces the risk of loss or theft of valuable business data.

Moreover, MOVEit simplifies the compliance and reporting requirements for regulations and standards such as GDPR, PCI, ISO 27001, ITAR.

Why Aerospace Organizations Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as:

› Purchase orders
› Big data e.g. design images & videos
› Billing and payment data
› Contracts
› Manufacturing machinery files

Leads the Industry in Security
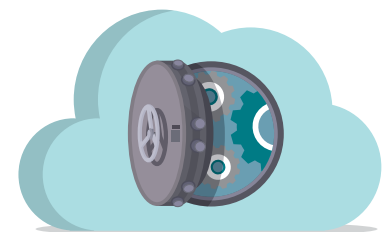

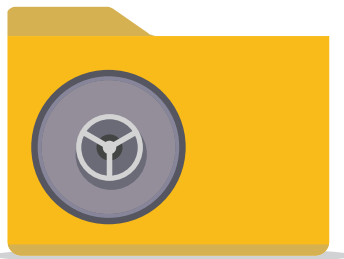

› Encryption of data at rest and in transit
› FIPS 140-2 and AES-256 validated cryptography
› Allows aerospace organizations collaborate with trusted third parties

Supports Compliance and Reporting

› Enables your GDPR readiness
› Helps maintain compliance with internal and external SLAs
› Reduces the effort & time spent preparing for compliance audits

Can be Deployed in High Availability Mode

› System-wide high availability with Active-Active failover
› Cloud version guarantees 99.9% uptime
› Provides business continuity & disaster recovery assurances

The Benefits of MOVEit for Aerospace Organizations

Increased Productivity: Improved workflows through greater transparency and faster response capability

Ease of Compliance Reporting: for regulations & standards such as GDPR, PCI and SOX

Reduced Risk of Data Loss: increased visibility, control, security & auditability of your data transfers
