

# MOVEit® for Automotive

INDUSTRY SHEET

## Why Automotive Organizations Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as:

- Purchase orders
- Big data e.g. design images & videos
- Billing and payment data
- Contracts
- Manufacturing machinery files

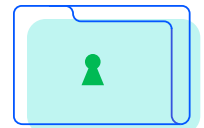

**The challenge for many automotive organizations is to transfer data between several thousand internal and external users in a worldwide network quickly and securely.**

MOVEit allows automotive manufacturers, automotive component manufacturers & suppliers and automotive retailers to exchange information. From design specifications, invoices and inventory reports to very large data files such as videos & images, automotive organizations can transfer files quickly and securely across multiple manufacturing sites and dealer forecourts. This reduces the risk of loss or theft of valuable business data.

Moreover, MOVEit simplifies the compliance and reporting requirements for regulations and standards such as GDPR and PCI.

## Leads the Industry in Security

- › Encryption of data at rest and in transit
- › FIPS 140-2 and AES-256 validated cryptography
- › Allows automotive organizations to focus on sending business-critical data

## Supports Compliance and Reporting

- › Enables your GDPR readiness
- › Helps maintain compliance with internal and external SLAs
- › Reduces the effort & time spent preparing for compliance audits

## Can be Deployed in High Availability Mode

- › System-wide high availability with Active-Active failover
- › Cloud version guarantees 99.9% uptime
- › Provides business continuity & disaster recovery assurances

## The Benefits of MOVEit for Healthcare Organizations

**Increased Productivity:** improved workflows through greater transparency and faster response capability

**Ease of Compliance Reporting:** for regulations & standards such as GDPR, PCI and SOX

**Reduced Risk of Data Loss:** increased visibility, control, security & auditability of your data transfers

# Trusted by Automotive Organizations

## Guarantee Data Is Transferred Securely

- › Data encrypted at rest and in transit
- › Best-in-class security FIPS 140-2 and AES-256 cryptography
- › Secure access control via multi-factor authentication

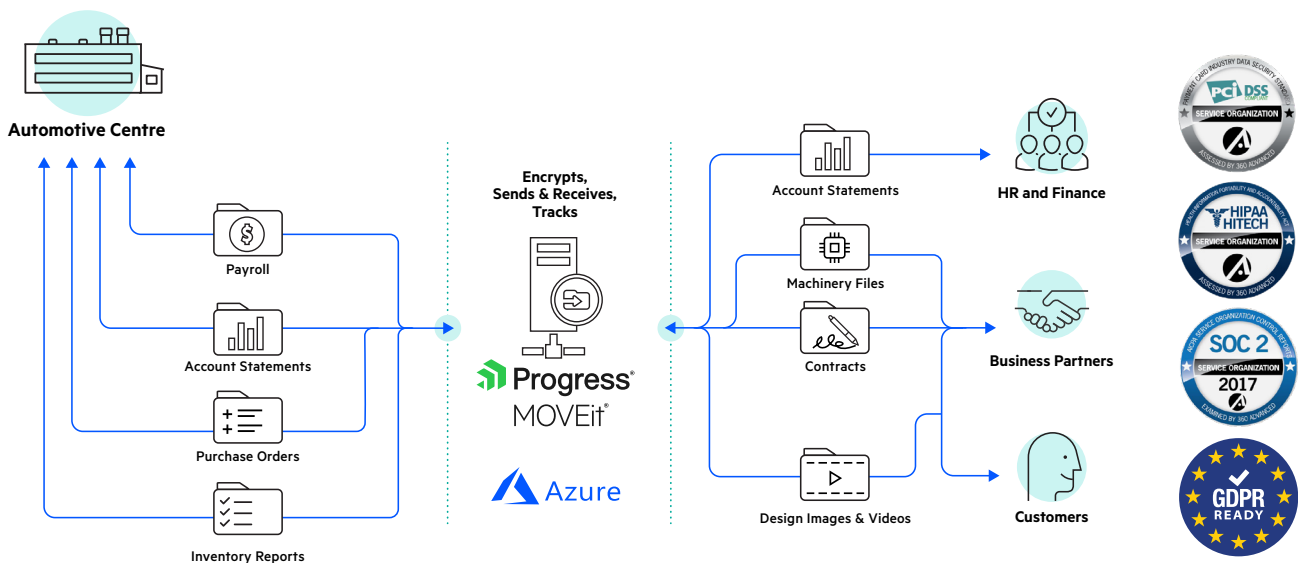

## Demonstrate Compliance with Regulations & Standards

- › Helps automotive organizations comply with regulations such as GDPR, PCI and SOX
- › Assists automotive organizations and staff reduce risk of data loss and fines for non-compliance

## Enhanced Governance & Control of Data Transfers

- › Tamper-evident audit trails of all activities
- › Only authorized users can access contents of files
- › Pre-defined & customizable reports

Hundreds of automotive organizations rely on MOVEit for Secure Managed File Transfer.
