

# MOVEit® for Healthcare

INDUSTRY SHEET

## Why Healthcare Organizations Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as

- Patient appointment reminders
- Medical reports
- Big data e.g. medical images
- Billing and payment data
- Regulatory compliance reports
- Compliance reports
- Claims submissions

## File transfer in healthcare is a mission-critical operation.

The efficient movement of files between business partners in healthcare organizations accelerates payment eligibility inquiries, medical billing remits as well as patient reminders and other core business functions.

The personal data included in these files requires that transfers be secure to avoid data breaches and the resulting financial penalties and damage to reputation.
