# MOVEit® for Pharmaceutical

INDUSTRY SHEET

Security and compliance are critical areas for Pharmaceutical organizations.

The pharmaceutical industry is highly regulated and competitive, and secure transfer of confidential and proprietary data is imperative.

MOVEit for Pharmaceuticals is a highly secure Managed File Transfer service that allows Pharmaceutical organizations to exchange very sensitive information such as clinical trials, regulatory reports and claims reports. This reduces the risk of loss or theft of valuable business and customer data.

Why Pharmaceutical Organizations Use MOVEit®

For meeting the security and compliance requirements that the industry demands and sending data files that contain sensitive information such as:

- Delivering clinical trial results to the FDA & EMA
- Securing inbound external data
- Payroll processes
- Billing and payment data
- Regulatory compliance reports
