

Ipswitch® MOVEit® for Transportation

The challenge for many Transportation organizations is to transfer data between internal users and external partners in a worldwide network quickly and securely.

MOVEit allows Transportation companies and their third party & distribution partners to exchange information such as cargo records, customs & excise documents, invoices and inventory reports and transfer very large data files quickly and securely across multiple sites. This reduces the risk of loss or theft of valuable business data.

Moreover, MOVEit simplifies the compliance and reporting requirements for regulations and standards such as GDPR, PCI, ISO 27001 and SOX.

Why Transportation Organizations Use MOVEit®

For sending data files that contain sensitive commercial or personal information such as:

- › Flight & luggage information
- › Passengers data
- › Billing and payment data
- › Contracts
- › Cargo information

Leads the Industry in Security

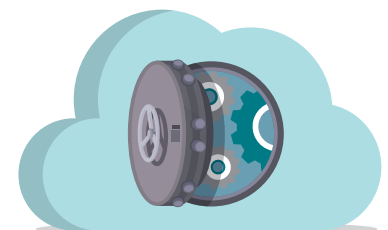

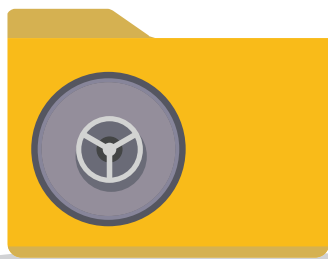

- › Encryption of data at rest and in transit
- › FIPS 140-2 and AES-256 validated cryptography
- › Allows transportation organizations collaborate with trusted third parties

Supports Compliance and Reporting

- › Enables your GDPR readiness
- › Helps maintain compliance with internal and external SLAs
- › Reduces the effort & time spent preparing for compliance audits

Can be Deployed in High Availability Mode

- › System-wide high availability with Active-Active failover
- › Cloud version guarantees 99.9% uptime
- › Provides business continuity & disaster recovery assurances

The Benefits of MOVEit for Transportation Organizations

Increased Productivity: Improved workflows through greater transparency and faster response capability

Ease of Compliance Reporting: for regulations & standards such as GDPR, PCI and SOX
