

Murdoch University Drives 32% Increase in Mobile Visits with Sitefinity

Murdoch University’s existing website was built in 2007 and had quickly become outdated over the years. With Sitefinity, Murdoch University was able to completely revamp its website to deliver a better user experience and improve site management.

COMPANY	INDUSTRY
Murdoch University	Education
PRODUCT	COUNTRY
Sitefinity	Australia

CHALLENGE

Implement a CMS that would empower Murdoch University’s digital team with the flexibility to deliver a great user experience while minimizing management complexity.

SOLUTION

Sitefinity offers Murdoch University a flexible, scalable CMS that can support its digital vision for years to come

With Sitefinity, Murdoch University was able to modernize its website, complete with responsive design capabilities

Sitefinity’s intuitive user interface enabled content creators to directly create and edit their content, taking burden off IT

RESULTS

32%

increase in mobile visits

87.2%

reduction of content on product pages due to simplification initiatives

\$130K

in cost savings by reducing reliance on external agencies for projects

“With Sitefinity, we’ve been able to create a more usable website that directly contributes to the improved performance of our University.”
