

Service Delivery Partner

Partner Specialty Guide

Partner specialties represent a new dimension of the Progress Accelerate Partner Program. This shift enables partners to further differentiate their business independently of the three distinct partner levels: Titanium, Gold and Silver.

Specialties help partners stand out in the market. By showcasing their product expertise and capabilities in the pre-set focus areas, partners can speed up the search process and make it easy for the right customers to find them.

The Service Delivery Partner (SDP) specialty targets Progress Accelerate partners on active SDP contracts, regardless of their product focus.

Getting Started

Start by reviewing the requirements list. You may find out you need to do some work to qualify. If you have any questions throughout the process, please reach out to us at partnerops@progress.com.

When you meet all listed requirements, submit your application via your Progress partner portal.

Applications are accepted at any point in time. All earned partner specialties are good for one year and are reevaluated annually.
