

**Course title**

*Advanced Progress OpenEdge Database Administration*

---

**Course duration**

Equivalent to 12 hours of instructor-led training

---

**Audience**

Progress OpenEdge Database Administrators

---

**Description**

This course introduces you to advanced Progress OpenEdge database administration tasks. First, you will learn to size a database. Then, you will learn to migrate a database. Next, you will learn how to fix database and index corruption. Finally, you will learn how to monitor a database.

The materials that you receive with this course include a Course Guide, which includes hands-on lab exercises and step-by-step solutions, and a CD with example code and exercise files with solutions.

This course is also available online with a subscription to the [Progress Education Community](#).

---

**Version compatibility**

This course is compatible with OpenEdge 11.3.1.

---
