★★★★★

Satisfaction

Security

I like that MOVEit is an easy-to-use and secure file transfer solution that makes it easy to manage and automate secure file transfer processes. It also has robust security features, including encryption, authentication, and automated compliance policies that help you to meet your security and compliance requirements.

User Adoption

Progress MOVEit User Adoption

MOVEit is a highly secure platform for seamlessly transferring large amounts of data. It saves a lot of productive hours and eliminates non-value adds. A fast, safe (encrypted) file transfer (MFT) tool helped us gain customer confidence and achieve more rapid ROI.
