

# Five Reasons Why Developers Love Sitefinity Marketplace

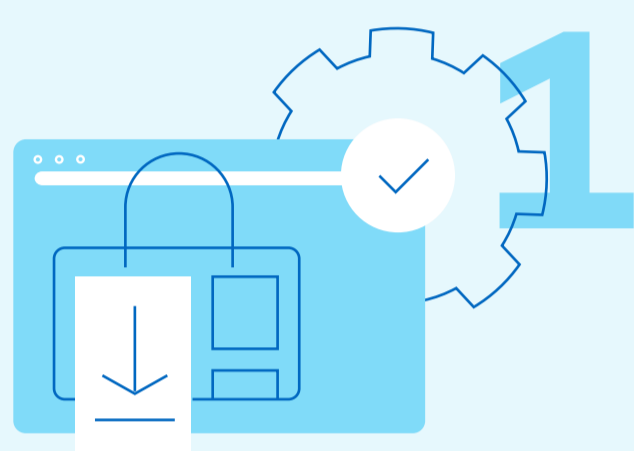

## What is Sitefinity Marketplace?

We've launched Sitefinity Marketplace so that our Sitefinity developers have one platform where they can share, and also download, Sitefinity solutions easily and quickly.

## How Can I Use Sitefinity Marketplace?

There's a lot of ways to utilize Sitefinity Marketplace as a Sitefinity developer. Read on to discover the five reasons why you'll love using Sitefinity Marketplace!

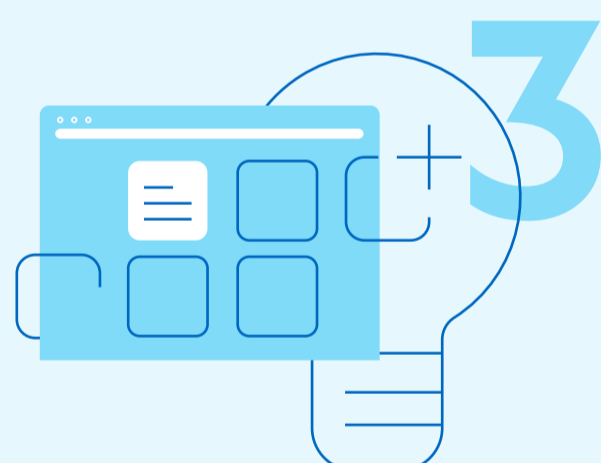

### Decrease Go To Market Time

Sitefinity Marketplace offers a wide variety of integrations which are solutions that extend the Sitefinity digital experience, and add-ons which are productivity boosters that make your day to day job easier. Many are available to be downloaded instantly to decrease deployment time and drive productivity.

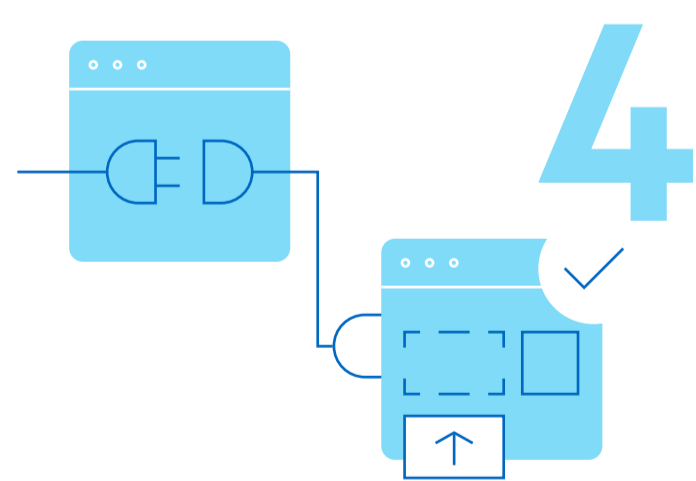

### Find Reliable and Secure Solutions

The solutions offered on Sitefinity Marketplace are carefully vetted and selected by the Sitefinity team so that you can have confidence in deploying 3rd party Sitefinity solutions.

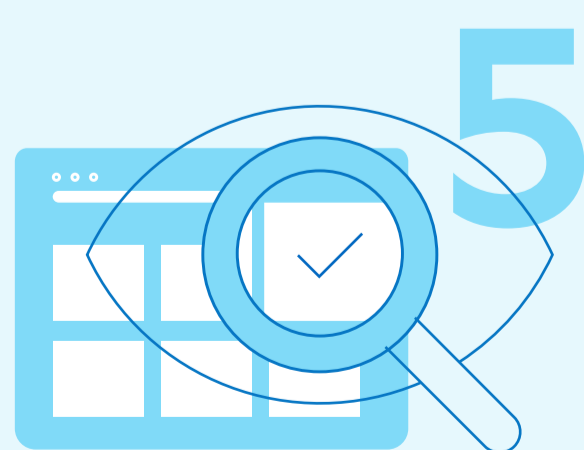

### Solve Specific Organizational Challenges

Developing a brand new Sitefinity solution or searching for a 3rd party integration can take up a lot of time. Utilize Sitefinity Marketplace if you have the need to extend Sitefinity with a unique functionality that your team requires for success.

### Build a Unified Solution

Prevent your team from working in siloed groups with disconnected solutions. Develop a unified solution that addresses all your organizational needs in one platform, increasing your operational efficiencies.

### Bring Visibility to Your Sitefinity Work

If you have a productivity tool or booster that you've developed for Sitefinity, you can share it with the community on Sitefinity Marketplace! Bring visibility to your work, drive revenue and downloads of your solution, and help out fellow Sitefinity developers!
